

SCHEDULE RL
RENTAL LIGHTING

I. AVAILABILITY

This schedule is available to any customer of Northeastern REMC (Northeastern) for continuous year-round service for outdoor lighting where 120-volt service exists ahead of the meter loop.

II. CHARACTER OF SERVICE

Dusk-to-dawn lighting service will be furnished, using photoelectric controlled equipment, mast arm, light luminaire and bulb installed on an existing pole. Maintenance of the complete assembly and the cost of its electrical operation are included in this service. Except as provided for herein, any additional investment required for the sole purpose of providing this service shall require a contribution by the customer equal to the actual investment cost.

III. MONTHLY CHARGES

The Monthly Charge for each lamp, including luminaire and mast arm, controlled by a photoelectric relay, where Northeastern supplies service from an existing pole and secondary facilities shall be as follows:

<i>Tariff Code</i>	<i>Type of Lamp</i>	<i>Nominal Lamp Wattage</i>	<i>Approximate Lumens</i>	<i>Monthly Rate</i>
RL-9	HPS Area	100	8,550	\$10.00
RL-10	HPS Cobra (includes 8' mast arm)	250	24,750	\$17.60
RL-11	HPS Flood	250	24,750	\$17.10
RL-12	HPS Cobra (includes 8' mast arm)	400	45,000	\$22.30
RL-13	HPS Flood	400	45,000	\$21.00
RL-14	MH Flood	250	17,000	\$17.30
RL-15	MH Flood	400	28,800	\$21.00

When Northeastern must install new facilities before it can provide the requested service, the customer will pay, in advance, the installation costs of such new facilities. These installation costs include the extension of overhead facilities from the nearest or most suitable pole to the point designated by the customer for the installation of said lamp. However, instead of prepaying these installation costs, the customer may elect to pay the following additional monthly charges:

<i>Additional Facilities</i>	<i>Additional Monthly Charge</i>
For Each Transformer (When a transformer is required or the customer does not have an active account with Northeastern.)	\$7.50
For Each 30 Foot Pole	\$5.20
For Each 35 Foot Pole	\$6.00
For Each Overhead Wire Span of 150 Feet or Less (Exceeding 15 Feet)	\$2.40

For The First Underground Wire Lateral of 50 Feet or Less (Price includes pole riser and connections.)	\$4.00
For Each Additional Underground Wire Lateral of 50 Feet or Less	\$2.50
For Each 8 Foot Mast Arm	\$1.20

A customer may also request facilities such as special poles for fixtures or special protection for poles that are not provided for herein. The customer will be required to contribute an amount equal to the cost of such special facilities. The customer shall also be responsible for any costs required to repair, replace or push under sidewalks, pavement or other obstacles.

IV. MONTHLY CHARGES - DISCONTINUED SERVICES

The following rates are for luminaires that are not available for new installations:

<i>Tariff Code</i>	<i>Type of Lamp</i>	<i>Nominal Lamp Wattage</i>	<i>Approximate Lumens</i>	<i>Monthly Rate</i>
RL-1	MV Area	175	7,000	\$10.60
RL-2	MV Area	400	20,000	\$18.50
RL-3	MV Area	75 or 100	4,000	\$8.80
RL-5	MV Area	250	10,000	\$14.90
RL-7	MV Flood	1,000	50,000	\$36.10
RL-8	HPS Flood	400	45,000	\$21.00

V. BILLING

Northeastern will add the charges specified herein as a separate item on the customer's net monthly bill for electric service. If the customer does not receive any other type of service at the service location, then Northeastern will render a separate bill for the charges specified herein.

VI. TERMS OF PAYMENT

Refer to Appendix B.

VII. LATE PAYMENT CHARGE

Refer to Appendix B.

VIII. CONTRACTS

Contracts under this tariff will be for not less than 1 year for service on existing facilities and not less than 5 years when Northeastern must install new poles. In the case of customers contracting for 4 or more lamps, Northeastern reserves the right to include in the contract such other provisions as it may deem necessary to insure payment of bills throughout the term of the contract.

IX. HOURS OF LIGHTING

All lamps shall burn from one-half hour after sunset until one-half hour before sunrise, every night, or approximately 4,000 hours per annum.

X. OWNERSHIP OF FACILITIES

Northeastern shall own and maintain all facilities necessary for service including but not limited to fixtures, controls, poles, transformers, secondary conductor, and lamps. Northeastern will perform all service and necessary maintenance during its regularly scheduled working hours. Northeastern will normally replace burned out lamps within 48 hours after notification by the customer.

XI. TERMINATION OF SERVICE

The customer may request termination of service at his option. Northeastern will remove its property upon such notice with reasonable diligence. Northeastern may remove its fixture and, in effect, cancel rental lighting service when:

1. Bills are unpaid (with proper notice from Northeastern), or
2. Such action is necessary to protect Northeastern from fraud, abuse, or vandalism.

Northeastern will not refund any part of any contribution(s) made by the customer following the terms of this schedule.

XII. INTERPRETATION

Refer to Appendix B.

XIII. ALL OTHER NON-RECURRING CHARGES

Refer to Appendix B.

XIX. OPERATION ROUND UP

Refer to Appendix E.
