

Northeastern REMC

Agreement for Interconnection

This must be completed after the generating system has been installed and prior to its connection to Northeastern REMC's distribution system.

1. The following certifies that the installed generating system meets all the applicable safety and performance standards of the National Electric Code, the National Electric Safety Code, all applicable state and local codes, and Northeastern REMC's interconnection requirements.

Signed (licensed electrical contractor): _____ Date: _____

License Holder (printed): _____ Indiana License #: _____

Installation Date: _____

2. I, _____ (system owner), certify that all of the information I have provided is true and accurate, and that I have read and understand the Northeastern REMC Net Billing Schedule (NB-1), and will comply with the same, and that I will maintain liability insurance as required for the entire time that my generator is connected to Northeastern REMC's distribution system.

Northeastern and the net billing member shall indemnify and hold the other party harmless from and against all claims, liability, damages, and expenses, including attorney's fees, based on injury to any person, including loss of life, or damage to any property, including loss of use thereof, arising out of, resulting from, or connected with an act or omission by such other party, its employees, agents, representatives, successors, or assigns in the construction, ownership, or maintenance of such party's facilities used in net billing.
