Re: Northeastern REMC, 30-Day Filing No. 2927
Received November 18, 2011

Dear Mr. Kiess:

The Indiana Utility Regulatory Commission (Commission) received your request for approval of the Wholesale Power Tracker Factor filed originally on November 18, 2011, pursuant to the Commission's 30-day filing procedure under 170 Indiana Administrative Code 1-6. The 30-day filing process is available for certain routine and non-controversial requests to facilitate expedited consideration of these matters by the Commission.

The following types of filings are permissible under the procedures and guidelines of the rule: (a) rates and charges for new services; (b) new rules and regulations of the utility; (c) changes to rules and regulations of the utility; (d) non-recurring charges; (e) changes to rates and charges so long as the change is revenue neutral within a specific rate schedule or results in an overall decrease in the revenues of the utility and is done on an across-the-board basis to all classes of customers; (f) a filing for which the Commission has already approved or accepted the procedure for the change; or (g) any other filing as may be ordered by the Commission to be filed under the rule.

Your filing was reviewed by the Commission's Electricity Division. The division recommended that the Commission approve the request. The Commission approved your filing at conference held on December 21, 2011. Your approved, date-stamped filing is provided with this letter.

If you have any questions, please contact me at (317) 232-2733 or by e-mail at bborum@urc.in.gov.

Sincerely,

A handwritten signature in blue ink that reads "Bradley K. Borum".

Bradley K. Borum, Director
Electricity Division

BKB/ld
