

Unclaimed 2016 Retired Patronage Capital Credits

A member of Northeastern REMC has certain rights and privileges not found in other types of electric companies. A specific difference concerns the retiring of funds not required by Northeastern to do business. These funds are considered "margins."

Early each year a notice is printed on the bill and sent to every member who was on our system during the previous year. This notice identifies the percent of margin for the company, the total dollar amount of all the bills for that year, and how much the patronage capital credit will be when that year is due to retire.

This notice is not a check. It cannot be deducted from a bill, nor can it be exchanged for cash. Patronage capital credits are retired to members upon approval by the board of directors. Their decision is based on the financial condition of the company. Consideration is given to future business needs and to maintaining an adequate reserve for emergencies.

Should a member move off our system, Northeastern's board of directors has initiated a policy to retire patronage capital at a discounted rate. Patronage Capital will show as a credit on the consumer's final bill.

Unclaimed Patronage Capital await former members

Northeastern REMC is attempting to locate former members who have unclaimed patronage capital awaiting them. If you recognize any of the names in the following listing, please contact that person or his immediate family and ask him/her to contact Northeastern directly at (260) 244-6111 or 625-3700, ext. 434. Your assistance is greatly appreciated.
