

NORTHEASTERN REMC

A Touchstone Energy® Cooperative

Join this community program for FREE and be promoted to 27,000 NREMC members!

Would you like to get your local business in-front of more than close to 27,000 people in Northeast Indiana and be promoted on a regular basis for FREE? Join Northeastern REMC's Co-op Connections program! For years, NREMC has offered this exclusive program to our members with great success for the local businesses and the member.

Here's how it works:

- To join, share with us an exclusive offer/coupon/discount for your products or services that we can offer to NREMC members. This coupon/discount must be valid for one year.
- Your offer will be added to NREMC's website and featured in several different publications including social media to promote your businesses. It will also be added to the national co-op card websites: connections.coop and coopoffers.com.
- When a member wants to redeem the offer, they will show you a copy of their Co-op Connections card on their phone or a physical copy of the card.
- All participating businesses will be provided decals to display on store windows and near cash registers identifying that they accept the Co-op Member benefit discount card. *(Optional)*

We want to add your business to this growing list of area businesses!
